

INSTANT VITALITY

# GLUCOSE

BLOOD SUGAR SUPPORT\*

## PÜRvii GLUCOSE SUPPORT

is a proprietary blend of key ingredients to help support healthy blood sugar levels. Especially in today's fast paced society, eating a well-balanced diet has become a widespread challenge.

### CHROMIUM

Is a mineral that humans require in trace amounts. It's found in small quantities in meat, whole grains, some fruits and vegetables, and spices. In 1959, chromium was first identified as an element that enables the hormone insulin to function properly. Optimal levels of chromium are essential for proper carbohydrate metabolism.\* Chromium picolinate is a highly utilizable form of chromium that supports healthy lipid and carbohydrate utilization.\*

### BENFOTIAMINE

is converted in the body to thiamine (vitamin B1). Thiamine helps your body turn nutrients into energy. Some people use benfotiamine to raise thiamine levels because it is considered to be highly bioavailable.

### BITTER MELON EXTRACT

(Momordica charantia) is a vine that produces edible fruit, originally from India and other Asian countries. It has been traditionally used to help people with blood sugar issues\*. It contains a chemical that acts like insulin to help reduce blood sugar levels\*.

## GYMNEMA SYLVESTE

is a shrub that grows in India and Africa. People in India have been using gymnema leaves for thousands of years to help people with blood sugar regulation\*. The Hindu word for gymnema -- gurmar -- means "sugar destroyer."

## CINNAMON BARK EXTRACT

Another important ingredient in PÜRvii GLUCOSE CONTROL is cinnamon bark extract. This is rich in antioxidants and has other beneficial compounds. Some research suggests that it may help support blood sugar control, support heart health, and potentially reduce inflammation\*.

## PANAX GINSENG

is considered an adaptogen, which are natural substances that are believed to stimulate the body's resistance to stressors.

## R-ALA

Is the form of Alpha Lipoic acid that is naturally found in the body. It has also been shown to reduce oxidative stress and improve lipid levels and long-term blood glucose control\*.

## PÜRvii GLUCOSE SUPPORT

is a unique supplement with a proprietary blend to help you combat today's health concerns around maintaining healthy blood sugar levels. As always,

## Supplement Facts
